

Preparation date: 08.10.2018

Update date:

MATERIAL SAFETY DATA SHEET

Conforming to Commission Regulation (EU) No 2015/830 of 28 May 2015 amending Regulation (EC) No 1907/2006 of the European Parliament and of the Council on the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH)

SECTION 1: Identification of the substance/mixture and of the company/undertaking*

1.1. Product identifier

BUZZY WET WIPES WINDOWS & GLASS

1.2. Relevant identified uses of the substance or mixture and uses advised against

Identified applications:

Cleaning wet wipes for glass and windows.

Discouraged applications:

Do not use for personal hygiene.

1.3. Details of the supplier of the safety data sheet

BUZZY UK Ltd.
40 Bloomsbury Way,
London, England
WC1A 2SE
United Kingdom
Email: info@buzzy-uk.com

1.4. Emergency phone number

+44 738 826 5777

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

The classification of the mixture was conducted under a calculation method with the support of the classification rules defined in Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures, amending and repealing Directives 67/548/EEC and 1999/45/EC, and amending Regulation (EC) No 1907/2006 (Official Journal L 353, 31/12/2008 as amended);

BUZZY WET WIPES WINDOWS & GLASS were not classified as a hazardous product.

2.2. Label elements

The danger symbols:

None.

The risk phrases:

None.

The safety advice:

P102 – Keep out of reach of children.

Additional information:

None.

2.3. Other hazards

No information on meeting PBT or vPvB criteria according to Appendix XIII to REACH regulation. The appropriate tests were not conducted.

SECTION 3: Composition/information on ingredients*

3.1. Substances

Not applicable.

3.2. Mixtures

Ingredients name	Concentration [%]	(WE) 1272/2008 Classification	CAS Number	WE Number	Registration number
Ethyl alcohol	5-10	 Danger Flam. Liq. 2, H225	64-17-5, 67-63-0, 78-93-3, 3734-33-6	200-578-6, 200-661-7, 201-159-0, 223-095-2	no data

SECTION 4: First aid measures*

4.1. Description of first aid measures

Inhalation:

Does not pose a threat in normal conditions. Access to fresh air should be ensured in the case of long-term exposure to the product.

Skin contact:

Does not pose a threat in normal conditions. Dermatologically tested.

Eyes contact:

Immediately rinse eyes with plenty of water in the case of the product's contact with eyes. Take out contact lenses. Rinse eyes with plenty of running water avoiding a strong stream of water because of the possibility of causing mechanical damage to the cornea. Contact a physician if symptoms persist.

Swallowed:

Rinse the mouth thoroughly with water. Do not induce vomiting. Provide medical assistance if required.

In the case of emergence or continuance of the symptoms occurring as a result of the exposure to BUZZY WET WIPES WINDOWS & GLASS, the injured person should be provided medical assistance. The source of the exposure should be removed and the injured person should be taken out of the place of the exposure.

4.2. Most important symptoms and effects, both acute and delayed

Eyes contact:

The redness, lacrimation, burning may occur.

4.3. Indication of any immediate medical attention and special treatment needed

The decision on the operating procedure of medical rescue services is made by a physician following a thorough evaluation of the condition of the injured person.

SECTION 5: Firefighting measures

Notify people in the vicinity about a breakdown. Remove from the danger zone the individuals not participating in the elimination of a breakdown.

5.1. Extinguishing media

Commonly used.

5.2. Special hazards arising from the substance or mixture

Carbon oxide is created during combustion.

5.3. Advice for firefighters

No special personal protection measures are required. Full protective gear should be used as in the case of any fire: gloves, goggles/tight glasses.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Avoid contact with eyes. Ensure appropriate ventilation.

6.2. Environmental precautions

Avoid discharge to environment. Remove the source of the leakage. Ensure that the substance does not get into the sewage, ground water. Protect the sewage wells. Avoid direct contact with the releasing substance.

6.3. Methods and material for containment and cleaning up

Liquidate the leakage, if possible. Collect the substance and rinse contaminated surface with water in the case of minor discharge to the environment. Collect into larger containers for further utilization in the case of larger release. The contaminated surfaces should be cleaned with water.

6.4. Reference to other sections

No data available.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Use the product according to its dedication. Avoid contact with eyes. No special technical protection measures are required. Do not use for surfaces coming in contact with food- in the case of such contact surfaces should be cleaned with water. Do not drink or eat while using the product.

7.2. Conditions for safe storage, including any incompatibilities

Product should be stored in original packaging of the producer, in dry, clean, ventilated premises not exposed to sun at room temperature. Protect from freezing. Do not keep together with food. Keep out of the reach of children.

7.3. Specific end use(s)

Cleaning wet wipes for glass and windows.

SECTION 8: Exposure controls/personal protection*

8.1. Control parameters

Control parameters are consistent with Regulation of the Minister of Labour and Social Policy of 29 November 2002 on maximum permissible concentration and intensity of harmful factors in the work environment (Journal of Laws of 2014 No 0 item 817 as amended).

No data available.

8.2. Exposure controls

Used personal protective equipment should comply with the Regulation of the Minister of Economy of 21 December 2005 on essential requirements of personal protection measures (Journal of Laws of 2005 No 259 item 2173 as amended).

- Respiratory protection: not necessary
- Hands protection: not necessary – dermatologically tested
- Eyes/face protection: not necessary
- Body protection : not necessary
- Other: exhaust ventilation

Environmental exposure controls: no data available.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

- Appearance white wet wipes
- Odour characteristic
- Odour threshold not applicable
- pH 7,0-10,0 (for liquid)
- Melting point/freezing point no data available
- Initial boiling point and boiling range no data available
- Flash point no data available
- Evaporation rate no data available
- Flammability no data available
- Upper/lower flammability or explosive limits no data available
- Vapour pressure no data available
- Vapour density no data available
- Relative density, g/cm³ no data available
- Solubility:
 - in water no data available
 - in organic solvents no data available
- Partition coefficient: n-octanol/water no data available
- Decomposition temperature no data available
- Viscosity no data available
- Explosive properties no data available
- Oxidising properties no data available

9.2. Other information

No data available.

SECTION 10: Stability and reactivity

10.1. Reactivity

No data available.

10.2. Chemical stability

Product stable under normal storage and usage conditions.

10.3. Possibility of hazardous reactions

No data available.

10.4. Conditions to avoid

Avoid temperature below 0°C and above 40°C.

10.5. Incompatible materials

No data available.

10.6. Hazardous decomposition products

Carbon oxides.

SECTION 11: Toxicological information*

11.1. Information on toxicological effects

BUZZY WET WIPES WINDOWS & GLASS were not classified as a hazardous product.

- | | |
|-------------------------------------|----------------|
| • acute toxicity | not classified |
| • skin corrosion/irritation | not classified |
| • serious eye damage/irritation | not classified |
| • respiratory or skin sensitization | not classified |
| • germ cell mutagenicity | not classified |
| • carcinogenicity | not classified |
| • reproductive toxicity | not classified |
| • STOT-single exposure | not classified |
| • STOT-repeated exposure | not classified |
| • aspiration hazard | not classified |

The classification of the mixture was conducted under a calculation method with the support of the classification rules defined in Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures, amending and repealing Directives 67/548/EEC and 1999/45/EC, and amending Regulation (EC) No 1907/2006 (Official Journal L 353, 31/12/2008 as amended).

SECTION 12: Ecological information

12.1. Toxicity

No data available.

12.2. Persistence and degradability

The surfactants contained in the preparation are biodegradable.

12.3. Bioaccumulative potential

No data available.

12.4. Mobility in soil

Not applicable.

12.5. Results of PBT and vPvB assessment

Not applicable.

12.6. Other adverse effects

No data available.

SECTION 13: Disposal considerations*

13.1. Waste treatment methods

Dispose off according to applicable legal regulations.

Recommendations regarding the packaging:

The empty packaging should be collected under the municipal waste collection system.

Legislation:

- European Parliament and Council Directive 94/62/EC of 20 December 1994 on packaging and packaging waste (Official Journal L 365, 31/12/1994 as amended);

- Directive 2008/98/EC of the European Parliament and of the Council on waste and repealing certain Directives. (Official Journal L 312, 22/11/2008 as amended);
- The Act dated 14 December 2012 (Journal of Laws No 0 of 2013 item 21 as amended);
- The act dated 13 June 2013 on packaging and packaging waste (Journal of laws No 0 of 2013 item 888 as amended).

SECTION 14: Transport information

14.1. UN number

Not applicable.

14.2. UN proper shipping name

Not applicable.

14.3. Transport hazard class(es)

Not applicable.

14.4. Packing group

Not applicable.

14.5. Environmental hazards

Not applicable.

14.6. Special precautions for user

Transport in an upright position.

14.7. Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable.

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

- The act dated 25 February 2011 on chemical substances and their mixtures (Journal of Laws of 2011 No 63 item 322 as amended);
- Regulation of the Minister of Health of 10 August 2012 on the criteria and classification of chemical substances and mixtures (Journal of Laws of 2012 item 1018 as amended);
- Regulation of the Minister of Health dated 20 April 2012 regarding the marking of packaging of hazardous substances and hazardous mixtures and some mixtures (Journal of Laws of 2012 item 445 as amended);
- The act dated 19 August 2011 on transport of hazardous goods (Journal of Laws No 227 of 2011 item 1367);
- Government Declaration dated 24 September 2002 regarding the entry into force of the changes to appendix A and B to European agreement regarding the international road transport of hazardous goods (ADR) concluded in Geneva on 30 September 1957 (Journal of Laws No 194 of 2002 item 1629 as amended);
- Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing a European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC (Official Journal UE L396, 30/12/2006 as amended);
- Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures, amending and repealing Directives 67/548/EEC and 1999/45/EC, and amending Regulation (EC) No 1907/2006 (Official Journal L 353, 31/12/2008 as amended);

- Commission Regulation (EU) No 2015/830 of 28 May 2015 amending Regulation (EC) No 1907/2006 of the European Parliament and of the Council on the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) (Official Journal L 132 29/05/2015 as amended);
- Regulation (EC) No 648/2004 of the European Parliament and of the Council of 31 March 2004 on detergents (Official Journal L 104 , 08/04/2004 as amended);
- European Parliament and Council Directive 94/62/EC of 20 December 1994 on packaging and packaging waste (Official Journal L 365 , 31/12/1994 as amended);
- Directive 2008/98/EC of the European Parliament and of the Council of 19 November 2008 on waste and repealing certain Directives (Official Journal L 312, 22/11/2008 as amended);
- The Act dated 14 December 2012 (Journal of Laws No 0 of 2013 item 21 as amended);
- The act dated 13 June 2013 on packaging and packaging waste (Journal of laws No 0 of 2013 item 888 as amended).

15.2. Chemical safety assessment

No data available.

SECTION 16: Other information

This product material safety data sheet was drawn up as a result of identified information through application to them of classification criteria for each class of threat considering further differentiation as provided in Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures, amending and repealing Directives 67/548/EEC and 1999/45/EC, and amending Regulation (EC) No 1907/2006 (Official Journal L 353, 31/12/2008 as amended);

Full text of H and P returns from point 3 of this material safety data sheet:

R11 – Highly flammable.

H225 – Highly flammable liquid and vapour.

Other information:

"The Material Safety Data Sheets of hazardous chemical substances" issued by the producers and suppliers of raw materials used for the production of the aforementioned product and appropriate legal regulations were used to prepare this product sheet. The information refers to the product in as it is state.

* - changes in relation to previous version

The information provided above is based on the current state of knowledge and experience.

The information does not guarantee the properties of the product or qualitative specification.

The product sheet describes the product in terms of the occupational health and safety. The users are hereby warned about the possibility of occurrence of other threats if the product is used for the purposes other than recommended on the packaging.

When the conditions of using the product are not controlled by the producer, the user shall be responsible for the safe use of the product and specifically for the compliance with the law. The use of information contained in the product sheet for the purposes other than stipulated by the act on chemical substances and preparations requires the consent of the issuer of this information.

The aforementioned information does not substitute the product operating manual.
